Site Evaluation Committee
Thomas Burack, Commissioner
Department of Environmental Services
PO Box 95
Concord, NH 03302-0095

Dear Commissioner Burack and Members:

The Town of Rumney Board of Selectmen supports the motion submitted by the Buttolph/Lewis/Spring Intervenor Group to reopen the record on Groton Wind and ask that the committee give this motion serious consideration.

The conditions the Board of Selectmen are concerned about are; the re-location of the Operations and Maintenance Building with no notice of plan change, the final site plan has not been received and several conditions in the road agreement have not been satisfied.

Thank you for your consideration of this matter.

Sincerely,

Mark H. Andrew, Chairman

Edward L. Haskell, Jr.

Recused

Cheryl L. Lewis
