REF: DOCKET NO. 2010-01

Dear Chairman Burack,

I request intervener status on Groton Wind SEC Docket No. 2010-01.

I make this request due to the recent disclosure by the State's Fire Marshal that Groton Wind does not have a fixed fire suppression system. My home is in close proximity to Groton Wind and would be threatened by a Groton Wind fire. Intervener status would allow me a voice in the SEC's hearing process.

Thank you for your assistance,
