**Re: Motion to Intervene – Re-hearing of Groton Wind LLC SEC Docket 2010-01**

Dear Chairman Burack:

Based on the information provided to your committee and listed on the current NH Site Evaluation Committee website regarding Groton Wind LLC, Docket 2010-01 of letters of concern submitted by me dated 12-01-12, 01-25-13, 01-30-13 and 03-22-13.

I request your permission to participate as an intervenor to upcoming deliberations scheduled regarding Docket 2010-01.

The value, privacy and serenity of my property located at 551 Groton Hollow Rd, Rumney, NH Tax Map #16-2009 is forever damaged due to the location of the O & M Building.

I've stated in previous correspondence no consideration was taken for properties of others when the O & M Building was constructed at the new site location, and now there is new concern of additional peril with potential violations of building and safety codes.

I will not unreasonably broaden the issues, burden the record, or delay proceedings.

Respectfully,

  
Marianne Peabody
