Re: Groton Wind Bridge Replacement

Dear Ms. Geiger:

Over the course of the past year, we have received correspondence regarding the failure of a small bridge within the Groton Wind facility and the efforts made by Groton Wind to repair and replace that bridge. On August 6, 2015, counsel to the Site Evaluation Committee received the Wetlands and Non-Site Specific Permit 2015-01203 regarding the project. It is my understanding that Groton Wind intends to proceed in accordance with that permit.

Since this matter involves maintenance and repair at the facility and does not constitute a major change or addition to the facility, the Site Evaluation Committee will be taking no further action. Kindly copy counsel to the Committee on any correspondence advising New Hampshire DES about the completion of construction.

Should you have any questions, please feel free to contact counsel to the Committee.

Very truly yours,

A handwritten signature in black ink, appearing to read "MH", written over a horizontal line.

Martin Honigberg, Chairman
NH Site Evaluation Committee
