## Legal Notice

### STATE OF NEW HAMPSHIRE SITE EVALUATION COMMITTEE Docket No. 2010-02

Application of the Androscoggin Valley Regional Refuse Disposal District for Exemption from the Application and Certificate Requirements of RSA 162-H

#### ORDER AND NOTICE OF PUBLIC MEETING AND INFORMATIONAL HEARING

It is hereby ordered that a site visit, public meeting and public information hearing by the Site Evaluation Committee for the State of New Hampshire shall be held on November 22, 2010, at the times set forth below:

**Site Visit:**  
1:00 p.m.  
Commencing at:  
Mount Carbery Landfill  
Success, N.H.  
**Public Meeting of the Committee:**  
4:00 p.m.  
Berlin City Hall  
168 Main Street  
Berlin, N.H.  
**Public Information Hearing:**  
6:00 p.m.  
Berlin City Hall  
168 Main Street  
Berlin, N.H.

The Androscoggin Valley Regional Refuse Disposal District (AVRDD) or Applicant has filed an Application seeking exemption from the Certificate of Site and Facility Requirements of RSA 162-H pursuant to RSA 162-B:4, IV. The Applicant intends to construct and operate a blended landfill gas (LFG) and natural gas energy project which would include 1) a landfill gas processing facility and associated compressor, dehydration unit, flares, and LFG meter at the eastern end of the Mt. Carbery Landfill located in Success, Coos County; 2) a natural gas metering and pressure regulation station (M&R Station) on AVRDD property located in Berlin, Coos County, and near the existing Portland Natural Gas Transmission System (PNGTS) pipeline; 3) an approximately 11,300 foot long, buried 8 inch diameter High Density Poly Ethylene (HDPE) LFG pipeline from the Landfill to the M&R Station in Berlin; 4) an approximately 630 foot long, 2 inch diameter lateral pipeline from the existing PNGTS mainline pipeline to the M&R Station; 5) an approximately 470 foot long, 8 inch diameter HDPE mixed LFG and natural gas pipeline from the M&R Station to the Androscoggin River; 6) an approximately 300 foot long, 8 inch diameter segment of coated steel pipeline crossing the abandoned railroad bridge over the Androscoggin River; and 7) an approximately 2,000 foot long, 8 inch diameter HDPE mixed LFG and natural gas pipeline from the west end of the Androscoggin River crossing to the Corham paper mill.

**Location of the Proposed Facilities**  
The proposed facilities will include a LFG processing facility and associated compressor, flares, dehydration unit, meters, and ancillary equipment at the Mt. Carbery landfill in Success, Coos County, N.H.

The proposed facilities will include a landfill gas pipeline that will commence at the Mt. Carbery landfill in Success, N.H. and travel approximately 11,300 feet from Success to the M&R Station located near the existing PNGTS pipeline in Berlin, Coos County. At the M&R Station the LFG will be blended with natural gas from the PNGTS pipeline via a 360 foot long lateral pipeline. The pipeline carrying a blend of LFG and natural gas will then travel for approximately 470 feet to the Androscoggin River in Berlin. The pipeline will cross the river from east to west for approximately 300 feet on an abandoned railroad bridge. From the west end of the bridge the pipeline will continue for approximately 2500 feet to the Fraser Paper mill located in Corham, Coos County where the pipeline will terminate with an interconnection to the mill.

All of the proposed facilities are located within Coos County, N.H.

**Nature of the Proposed Facilities**  
The proposed facilities will collect and transport LFG and natural gas in Success and Berlin and deliver LFG and natural gas to the facilities located in Corham via a gas pipeline and associated facilities.

**Notice of Site Visit**  
The Committee will conduct a site visit at 1:00 P.M. on November 22, 2010, weather permitting. The site visit will commence at the Mt. Carbery Landfill in Success, N.H.

**Notice of Public Meeting**  
The Committee will meet in public on November 22, 2010, in the auditorium in the Berlin City Hall, 168 Main Street, Berlin, N.H. at 4 p.m. for the purpose of reviewing the application and determining, amongst other things, whether the Application provides sufficient information for the Committee to commence its review.

**Notice of Public Hearing**  
A Public Information Hearing will be held on November 22, 2010, at 6 p.m. The hearing shall be for public information on the proposed facility with the Applicant presenting information to the Committee and the public. The proceedings shall be recorded and members of the public will be permitted to submit questions or give public comment. The Public Information Hearing shall commence on November 22, 2010, at 6 p.m. in the auditorium in the Berlin City Hall, 168 Main Street, Berlin, N.H.

Upon completion of the public hearing the Committee may go into deliberative session to determine whether the Applicant's request for exemption is complete and may also deliberate and determine whether an exemption from the requirements of RSA 162-H should be granted or denied.

**Written Comments**  
Written comments from the public will be accepted and considered by the Committee until November 21, 2010. Written comments should be addressed to the office of the Chairman of the Committee located at the Department of Environmental Services, 29 Hazen Drive, PO Box 95, Concord, N.H. 03302-0095.

**Public Inspection**  
The aforementioned Application and all other correspondence and public records regarding this matter are available for public inspection at the office of the Chairman of the Committee located at the Department of Environmental Services, 29 Hazen Drive, Concord, N.H. The Application is also available on the Committee's website: [www.nhsec.nh.gov](http://www.nhsec.nh.gov).

It is FURTHER ORDERED, that the Applicant shall publish a copy of this Order and Notice of Public Meeting and Informational Hearing no later than November 5, 2010, in a newspaper of statewide circulation and in one or more newspapers having a regular circulation in Coos County. The applicant shall file an affidavit documenting publication on or before November 17, 2010.

By ORDER of the Site Evaluation Committee, this 27th day of October, 2010:

Thomas S. Burack, Chairman  
New Hampshire Site  
Evaluation Committee

(UL - Nov. 1)

## STATE OF NEW HAMPSHIRE SITE EVALUATION COMMITTEE

Docket No. 2010-02

Application of the Androscoggin Valley Regional Refuse Disposal District for Exemption from the Application and Certificate Requirements of RSA 162-H ORDER AND NOTICE OF PUBLIC MEETING AND INFORMATIONAL HEARING It is hereby ordered that a site visit, public meeting and public information hearing by the Site Evaluation Committee for the State of New Hampshire shall be held on November 22, 2010, at the times set forth below:

**Site Visit:**

1:00 p.m. Commencing at Mount Carberry Landfill, Success, N.H.

Public Meeting of the Committee:

4:00 p.m., Berlin City Hall, 168 Main Street, Berlin, N.H.

Public Information Hearing:

6:00 p.m., Berlin City Hall, 168 Main Street, Berlin, N.H.

**The Application**

The Androscoggin Valley Regional Refuse Disposal District (AVRRDD or Applicant) has filed an Application seeking exemption from the Certificate of Site and Facility requirements of RSA 162-H pursuant to RSA 162-H: 4, IV. The Applicant intends to construct and operate a blended landfill gas (LFG) and natural gas energy project which would include 1.) a landfill gas processing facility and associated compressor, dehydration unit, flares, and LFG meter at the eastern end of the Mt. Carberry Landfill located in Success, Coos County; 2.) a natural gas metering and pressure regulation station (M&R Station) on AVRRDD property located in Berlin, Coos County, and near the existing Portland Natural Gas Transmission System (PNGTS) pipeline; 3.) an approximately 11,300 foot long, buried 8 inch diameter High Density Poly Ethylene (HDPE) LFG pipeline from the Landfill to the M&R Station in Berlin; 4.) an approximately 350 foot long, 2 inch diameter lateral pipeline from the existing PNGTS mainline pipeline to the M&R Station; 5.) an approximately 470 foot long, 8 inch diameter HDPE mixed LFG and natural gas pipeline from the M&R Station to the Androscoggin River; 6.) an approximately 300 foot long, 8 inch diameter segment of coated steel pipeline crossing the abandoned railroad bridge over the Androscoggin River; and 7.) an approximately 2,500 foot long, 8 inch diameter HDPE mixed LFG and natural gas pipeline from the west end of the Androscoggin River crossing to the Gorham paper mill.

**Location of the Proposed Facilities**

The proposed facilities will include a LFG processing facility and associated compressor, flares, dehydration unit, meters, and ancillary equipment at the Mt. Carberry landfill in Success, Coos County, N.H.

The proposed facilities will include a landfill gas pipeline that will commence at the Mt. Carberry landfill in Success, N.H. and travel approximately 11,300 feet from Success to the M&R Station located near the existing PNGTS pipeline in Berlin, Coos County. At the M&R Station the LFG will be blended with natural gas from the PNGTS pipeline via a 350 foot long lateral pipeline. The pipeline carrying a blend of LFG and natural gas will then travel for approximately 470 feet to the Androscoggin River in Berlin. The pipeline will cross the river from east to west for approximately 300 feet on an abandoned railroad bridge. From the west end of the bridge the pipeline will continue for approximately 2500 feet to the Fraser Paper mill located in Gorham, Coos County where the pipeline will terminate with an interconnection to the mill.

All of the proposed facilities are located within Coos County, N.H.

**Nature of the Proposed Facilities**

The proposed facilities will collect and transport LFG and natural gas in Success and Berlin and deliver LFG and natural gas to the facilities located in Gorham via a gas pipeline and associated facilities.

**Notice of Site Visit**

The Committee will conduct a site visit at 1:00 P.M. on November 22, 2010, weather permitting. The site visit will commence at the Mt. Carberry Landfill in Success, N.H.

**Notice of Public Meeting**

The Committee will meet in public on November 22, 2010, in the auditorium in the Berlin City Hall, 168 Main Street, Berlin, N.H., at 4 p.m. for the purpose of reviewing the Application and determining, amongst other things, whether the Application provides sufficient information for the Committee to commence its review.

**Notice of Public Hearing**

A Public Information Hearing will be held on November 22, 2010, at 6 p.m. The hearing shall be for public information on the proposed facility with the Applicant presenting information to the Committee and the public. The proceedings shall be recorded and members of the public will be permitted to submit questions or give public comment.

The Public Information Hearing shall commence on November 22, 2010, at 6 p.m., in the auditorium in the Berlin City Hall, 168 Main Street, Berlin, N.H.

Upon completion of the public hearing the Committee may go into deliberative session to determine whether the Applicant's request for exemption is complete and may also deliberate and determine whether an exemption from the requirements of RSA 162-H should be granted or denied.

**Written Comments**

Written comments from the public will be accepted and considered by the Committee until November 21, 2010. Written comments should be addressed to the office of the Chairman of the Committee located at the Department of Environmental Services, 29 Hazen Drive, PO Box 95, Concord, N.H., 03302-0095.

**Public Inspection**

The aforementioned Application and all other correspondence and public records regarding this matter are available for public inspection at the office of the Chairman of the Committee located at the Department of Environmental Services, 29 Hazen Drive, Concord, N.H. The Application is also available on the Committee's website: [www.nhsec.nh.gov](http://www.nhsec.nh.gov).

It is FURTHER ORDERED, that the Applicant shall publish a copy of this Order and Notice of Public Meeting and Informational Hearing no later than November 5, 2010, in a newspaper of statewide circulation and in one or more newspapers having a regular circulation in Coos County. The applicant shall file an affidavit documenting publication on or before November 17, 2010.

By ORDER of the Site Evaluation Committee, this 27th day of October, 2010.

*Thomas S. Burack, Chairman, New Hampshire Site Evaluation Committee*

# Aromatherapy Massage

Massage is one of the most common ways to use essential oils. Essential oils are diluted in the massage lotion/oil and then massaged into the skin. Lavender is one of the most popular essential oils to use in aromatherapy massage. It has a gentle and calming scent and is good for tension, relaxation and problems with aches and pains. Another popular essential oil for massage is peppermint. It

has an invigorating scent the helps clear the head and is useful for headaches, mental fatigue, and nausea. So whether you have a headache or just want to relax why not try an aromatherapy massage.

## Labonvilles Inc.

Three reasons you need Shape-ups.

1. Stronger you: Shape-ups are designed to help you tone your muscles - from your back and abdomen to your buttocks and calves.

2. Healthier You: Studies show that Shape ups may lead to weight loss and improved circulation!

3. Easy Exercise Routine: It's easy to shape up with Shape-ups. Wear your Shape Ups everywhere and anywhere you walk (or stand) and your body may feel the benefits.

Labonvilles Inc.

Three reasons you want Shape-ups.

1. In style; Look good while getting fit! There's no reason to ruin your

outfit with unattractive footwear that that's a fashion don't. In your Shape-ups, your style will still be right on as you power through your everyday life.

2. Portable Power Shape ups are the ideal fitness equipment for the on-the-go, busy lifestyle. Wear them to and from the office, pack them in your suitcase, or keep them in your car for shopping trips. They are portable power in a small package.

3. Brand you trust: There's a lot to be said about familiarity and credibility. When buying Sketchers, you know you are getting style, quality, fit and comfort at a reasonable price. We're a company you've trusted for more than 15 years. Call 752-4030.

## Royalty Athletic Club

Did you know that in order to lose weight, your goal is to increase the ratio of lean muscle to fat. This will help raise your metabolic rate. You will burn more calories merely by having more muscle. Muscle is active, fat is not. At the Royalty Athletic Club we

encourage resistance training, either in the weight training room or in a class format.

For more information on how to get started or just have questions call the Royalty Athletic Club at 466-5422 and speak to Lise.

## Curves

Something new at Curves

A brand new "Challenge" is coming! That's right, Curves is going to be offering a new approach to health and wholeness. When your body gets healthy, you will begin to lose weight and unwanted inches. The purpose of the "Challenge" is to bring you to a place of health and wholeness. This new "Challenge" will offer three different ways to get to the same goal.

Because we are all created differ-

ently, there is a need for different approaches to eating plans. This new "Challenge" will offer you a chance, so that you can use the plan that best suits you! Our new "Challenge" will begin on October 25, and will continue for six liberating weeks. Come in now and sign up. You can be a new person for the Holiday Season! Members \$35.00, Non-Members \$75.00 (includes the use of Curves facility for six weeks).
