

28 MARCH 2013

DEAR REPRESENTATIVE,

WE LIVE ON NEWFOUND LAKE. IT IS THE 4TH LARGEST LAKE IN NEW HAMPSHIRE AND ONE OF THE CLEANEST AND CLEAREST IN THE EASTERN UNITED STATES.

WE BELIEVE IN CLEAN ENERGY, BUT IF YOU MAKE IT POSSIBLE FOR 3 ADDITIONAL WIND FARMS TO BE BUILT ON OUR RIDGELINES (ONE IS ALREADY UP IN GROTON ON THE NW PART OF NEWFOUND LAKE) WHAT WILL HAPPEN TO OUR WATERSHED? WHAT WILL HAPPEN TO OUR ECONOMY WHICH IS DEPENDENT ON TOURISM? THE TOWNS OF BRIDGEWATER, BRISTOL, HEBRON, AND ALEXANDRIA HAVE SPOKEN, "NO MORE WIND FARMS!" I-95N WILL BE EMPTY. NO ONE WILL BE INTERESTED IN VISITING OUR 100+ GIANT TURBINES.

GOOD JOBS ARE NOT DEPENDENT ON THESE WIND FARMS. THEY ARE TEMPORARY AND VERY SCARCE AT BEST. PLEASE VOTE YES FOR SB-99. A MORATORIUM WILL ENABLE US TO MAKE MORE CAREFUL CHOICES AS TO WHERE WE CHOOSE TO SITE THESE HUGE INDUSTRIAL WIND FARMS SO THEY WON'T COLLIDE WITH OUR BEAUTIFUL NATURAL N.H. RESOURCES.

THANK YOU FOR YOUR CONSIDERATION,

JOHN AND NANCY DINEEN
