Subject: Industrial Wind Turbines in NH

I believe that the Industrial wind turbine farm proposed for Alexandria, NH, is a very bad idea, akin to a state starting to destroy itself. I am reminded of the lyrics of Joni Mitchell's "Big Yellow Taxi", where she said "you don't know what you've got till its gone,", and "they paved paradise and put up a parking lot".

Have you seen Tenney Mountain recently?

Respectfully submitted,

Charles J. Ajootian
