Subject: Newfound Area Concerns

As a resident of the Newfound Area, I am writing to inform you that I am not alone in bearing anger and disappointment at the approval of wind turbine projects in our area. To permit invasive and industrial projects in our virgin and pristine woodlands and landscapes is unforgiveable. This untainted territory should not be sold-out by public servants to foreign companies using tax-payer dollars. (Please read the previous sentence again.) Thank-you for your time and consideration.
