Hampshire. Your town abuts either Alexandria or Danbury and therefore, you are receiving this notice.

Pursuant to RSA 162-H:16, IV(b), the Site Evaluation Committee, as part of its review, must consider whether the site and facility will “unduly interfere with the orderly development of the region with due consideration having been given to the views of the municipal and regional planning commissions and municipal governing bodies”. The purpose of this letter is to provide you with notice of the filing of the Application. If you have not already received a copy of the Application, please contact me and we will make arrangements to provide you with a copy.

If the Vice Chairman of the Site Evaluation Committee, Amy Ignatius, determines that the Application contains sufficient information to carry out the purposes of RSA 162-H, this matter will be scheduled for public information hearings and further proceedings consistent with the time frames set forth for renewable energy facilities and RSA 162-H:6-a. You will receive notice of all such proceedings and the views of the town will be considered pursuant to RSA 541-A:39. If the Town of Wilmot wishes to intervene as a party in this docket, it will be necessary to file a Motion to Intervene consistent with RSA 541-A:32 and NEW HAMPSHIRE CODE OF ADMINISTRATIVE REGULATIONS, SITE 202.11.

Public comments regarding this Application may be directed to the office of the secretary of the Site Evaluation Committee:
