To Whom it may concern-Please don't allow these unproven monster Wind Turbine towers to be built.They will be of no benefit to the area or NH. My wife&myself have a small rustic camp near Newfound Lake which my 4 kids have spent untold hours on boating,fishing,etc.Now they are coming with our 6 grandkids.The Wind Turbines are visible from the Lake looking toward the north/ruining the views+possibly the local enconomy in the future. (we live in Goffstown,NH)Seems the only ones benefiting are the overseas Company/subsidized by our Gov.\$\$ for unproven"green" energy.

Thank-you so much for your time.Dave&Deb Fredette-348 Paige Hill Rd.
