Good Afternoon,

We would to address D#2014-04 SEC rulings. We own lake property in Bridgewater NH and are very concerned about the impact that the SEC rules would have on the area surrounding Newfound Lake. It is important to take care of the unspoiled beauty of the NH Lakes Region and preserve the unique views that surround the lakes. We hope that the SEC takes into consideration the generations of families that have come to the Lakes Region to find Nature at it's best without metal towers looming in the vista. We hope this beautiful state will continue to attract families from around the country and the world to enjoy our pristine area.

Thank You
