Martin P. Honigberg, Chair
NH Site Evaluation Committee
21 South Fruit Street, Suite 10
Concord NH 03301

Dear Chairman Honigberg,

Unfortunately, my husband Joseph and I will not be able to attend the meeting on November 18, 2015, but wanted to let you know that we support the SEC to stand by both Site 301.16 and Site 301.14 (g) the proposed SEC rules. Although they are not perfect, they do fairly represent the intent of the SB245.

The various committees, which included representatives with many different points of views from private citizens as well as industry groups, discussed the facts and came to a consensus which comprised the proposed rules. Your committee has done its job...please don't let the few entities (corporations, lobbyists, lawyers) who all had the opportunity to participate but don't like the final result, derail your comprehensive and good work.

We support the letters of Lori Lerner, Lisa Linowes, and that of our State Senator, Jeanie Forester, who knows precisely the intent of the original legislation.

Please accept our thanks for all of your hard work and the comprehensive results. We hope the SEC Committee will stand firm with the Rules as defined, as they clearly represent the legislative intent of SB99 and SB245

Again, our apologies for not being able to attend the upcoming meeting.
