RE: SEA-3, Inc., SEC Docket No. 2015-01

Dear Chairman Honigberg,

Please accept this letter in support of Newington's request for an exemption from full review of the proposed expansion of its propane storage and distribution facility. It is our understanding the plans for this project underwent extensive review by Newington's Planning Board. We have confidence that the local officials in Newington review projects within their own community with acuity and shrewdness.

Thank you,

Shawn O'Neil-Chairman
