

**STATE OF NEW HAMPSHIRE  
SITE EVALUATION COMMITTEE**

**Docket No. 2015-01**

**Request of SEA-3, Inc. for Exemption from  
the Approval and Certificate Provisions of RSA Chapter 162-H**

**Itinerary for Site Visit and Inspection**

The Order on Revised Procedural Schedule issued on September 4, 2015 provides that the Subcommittee will undertake a site visit and inspection on September 17, 2015.

The purpose of the site visit and inspection is to allow Subcommittee members the opportunity to observe and inspect the Facility as it presently exists and to better understand the proposed changes which are sought to be exempted from the Site Evaluation Committee's jurisdiction. Representatives of the parties may attend.

The site visit and inspection is expected to involve considerable movement around the facility. The logistics of the site visit and inspection makes the capturing of a verbatim record to be impractical. Therefore a court reporter will not be present and the site visit and inspection will not be recorded verbatim.

The Subcommittee members and parties attending the site visit and inspection will meet at the Facility at 190 Shattuck Way, Newington, N.H. on Thursday, September 17, 2015 at 10 a.m. Attendees shall be admitted to the Facility at the secured gate. Each attendee will be required to sign the visitors log and be credentialed prior to commencement of the site visit and inspection. An SEA-3 representative will lead the tour of the Facility. All attendees shall remain together as a group for the duration of the visit. The site visit and inspection is expected to last approximately two hours.

Attendees are cautioned to remember that this is an industrial facility. All attendees shall follow instructions from the SEA-3 representatives. The site visit and inspection will include indoor and outdoor areas. Attendees should dress appropriately for the weather.

Questions regarding the site visit and inspection should be directed to Michael J. Iacopino, counsel to the Site Evaluation Committee.
