Re: Docket 2015-02: Antrim Wind Energy, LLC Petition for Certificate of Site and Facility – Second Supplement to the Application

Dear Ms. Monroe:

Please find enclosed for filing in the above-captioned matter, an original and eighteen (18) copies of Antrim Wind Energy, LLC's second supplement to its application. This supplement reflects changes in ownership and changes with respect to the Production Tax Credit.

The original developer of the Project, Eolian Renewable Energy, LLC has been acquired by Walden Green Energy LLC. The information contained in this supplement is intended to replace specific sections included in the original application to reflect this change. Specifically, the supplement provides replacement language for the Executive Summary, Sections B.3., B.4., and H.5. as well as revised pre-filed testimony for Jack Kenworthy, Henry Weitzner and Eric Shaw in order to accurately reflect current ownership information. We have included a redline and clean version of the pre-filed testimony.

In addition, in Section H.5., the applicant has provided updated information regarding the Production Tax Credit, which will be accessible to Walden for this Project. The future of the Production Tax Credit was uncertain at the time the application was filed. However, Congress has since extended the credit for 5 years and this is reflected in the attached supplement.

We have provided members of the service list with electronic copies of the documents identified above, pending addition of the documents to the Committee's website.

Pamela Monroe
