

THE STATE OF NEW HAMPSHIRE  
SITE EVALUATION COMMITTEE

Docket No. 2015 - 02

Re: Antrim Wind Energy, LLC

PETITION FOR INTERVENTION BY  
BENJAMIN PRATT

Pursuant to New Hampshire Site Evaluation Rules Site 202.11, Benjamin Pratt hereby moves for permission to intervene in the above referenced proceeding. In support of my request, I offer the following arguments.

(1) With the exception of the years 1957 and 1958, I have lived continuously in the Town of Antrim since 1933. I have served as Water and Sewer Commissioner, Chairman of the Antrim Board of Adjustment and Antrim Selectman. I currently serve as Antrim Town Treasurer, Chairman of the Capital Improvements Committee and Chairman of the Antrim Energy Committee.

(2) I made statements in favor of the Antrim Wind petition before the SEC Docket Nos. 2011-02 and 2012-01.

(3) I feel that it is imperative that The State of New Hampshire, the United States of America and the rest of the World abandon its reliance on fossil fuels and adopt renewable sources of energy as rapidly as possible. I think that the wind energy proposal of Antrim Wind Energy, LLC is a constructive undertaking in support of that effort.

(4) I believe that Antrim Wind's proposed project will bring benefits to the Town of Antrim and the State of New Hampshire. I think that my participation will contribute a valuable perspective and serve the interests of justice and will not impair the orderly conduct of the proceedings.

I hope that the reasons above give adequate grounds to have direct intervenor status in AWE's proceedings before the NH Site Evaluation Committee.

Sincerely and Respectfully,

Benjamin Pratt, P.E. (Retired)
