Antrim Wind Energy, LLC (“AWE” or the “Applicant”) by and through its attorneys, McLane Middleton, Professional Association, respectfully moves to have the technical session with witnesses for Intervenors and Counsel for the Public transcribed and to have a transcript of the technical session prepared by a licensed stenographer.

1. On July 12 and 13, 2016, the parties will hold a technical session with witnesses for Intervenors and Counsel for the Public.

The Applicant will assume the burden of locating and hiring a licensed stenographer and the burden of paying for the costs associated with such services, including the costs of preparing a transcript and a copy for the Committee. The intervening parties would be able to obtain a copy directly from the stenographer at their own expense.
4. The Committee has previously granted requests to record and transcribe the technical sessions. *See Order Granting Motion to Record Technical Session*, Docket 2015-05 (April 28, 2016) (stating that “[t]he request to record and transcribe technical sessions is a reasonable request.”).
