Antrim Wind Energy Docket 2015-02

Pre-filed Testimony of Clark A Craig Jr.

May 23, 2016

1. Please state your name and address:

My Name is Clark A Craig Jr.

My address is : 224 Craig Road, Antrim NH 03440

2. How long have you lived in Antrim?

I have lived in Antrim for all of my life. I am living in the homestead that my grandfather purchased in 1895 and have lived here my entire life.

3. What is the purpose of your testimony?

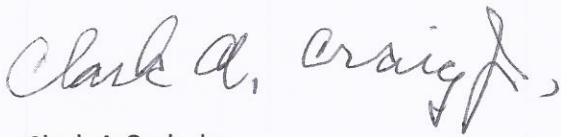

I am opposed to the AWE proposal for an industrial wind farm on Tuttle Ridge. I am a direct abutter to this project and am concerned regarding the impacts that this project will have on my property. I am concerned about the noise, flashing lights, shadow flicker and construction impacts from blasting.

I am concerned for the wildlife; I want the land to remain open for the animals to roam.

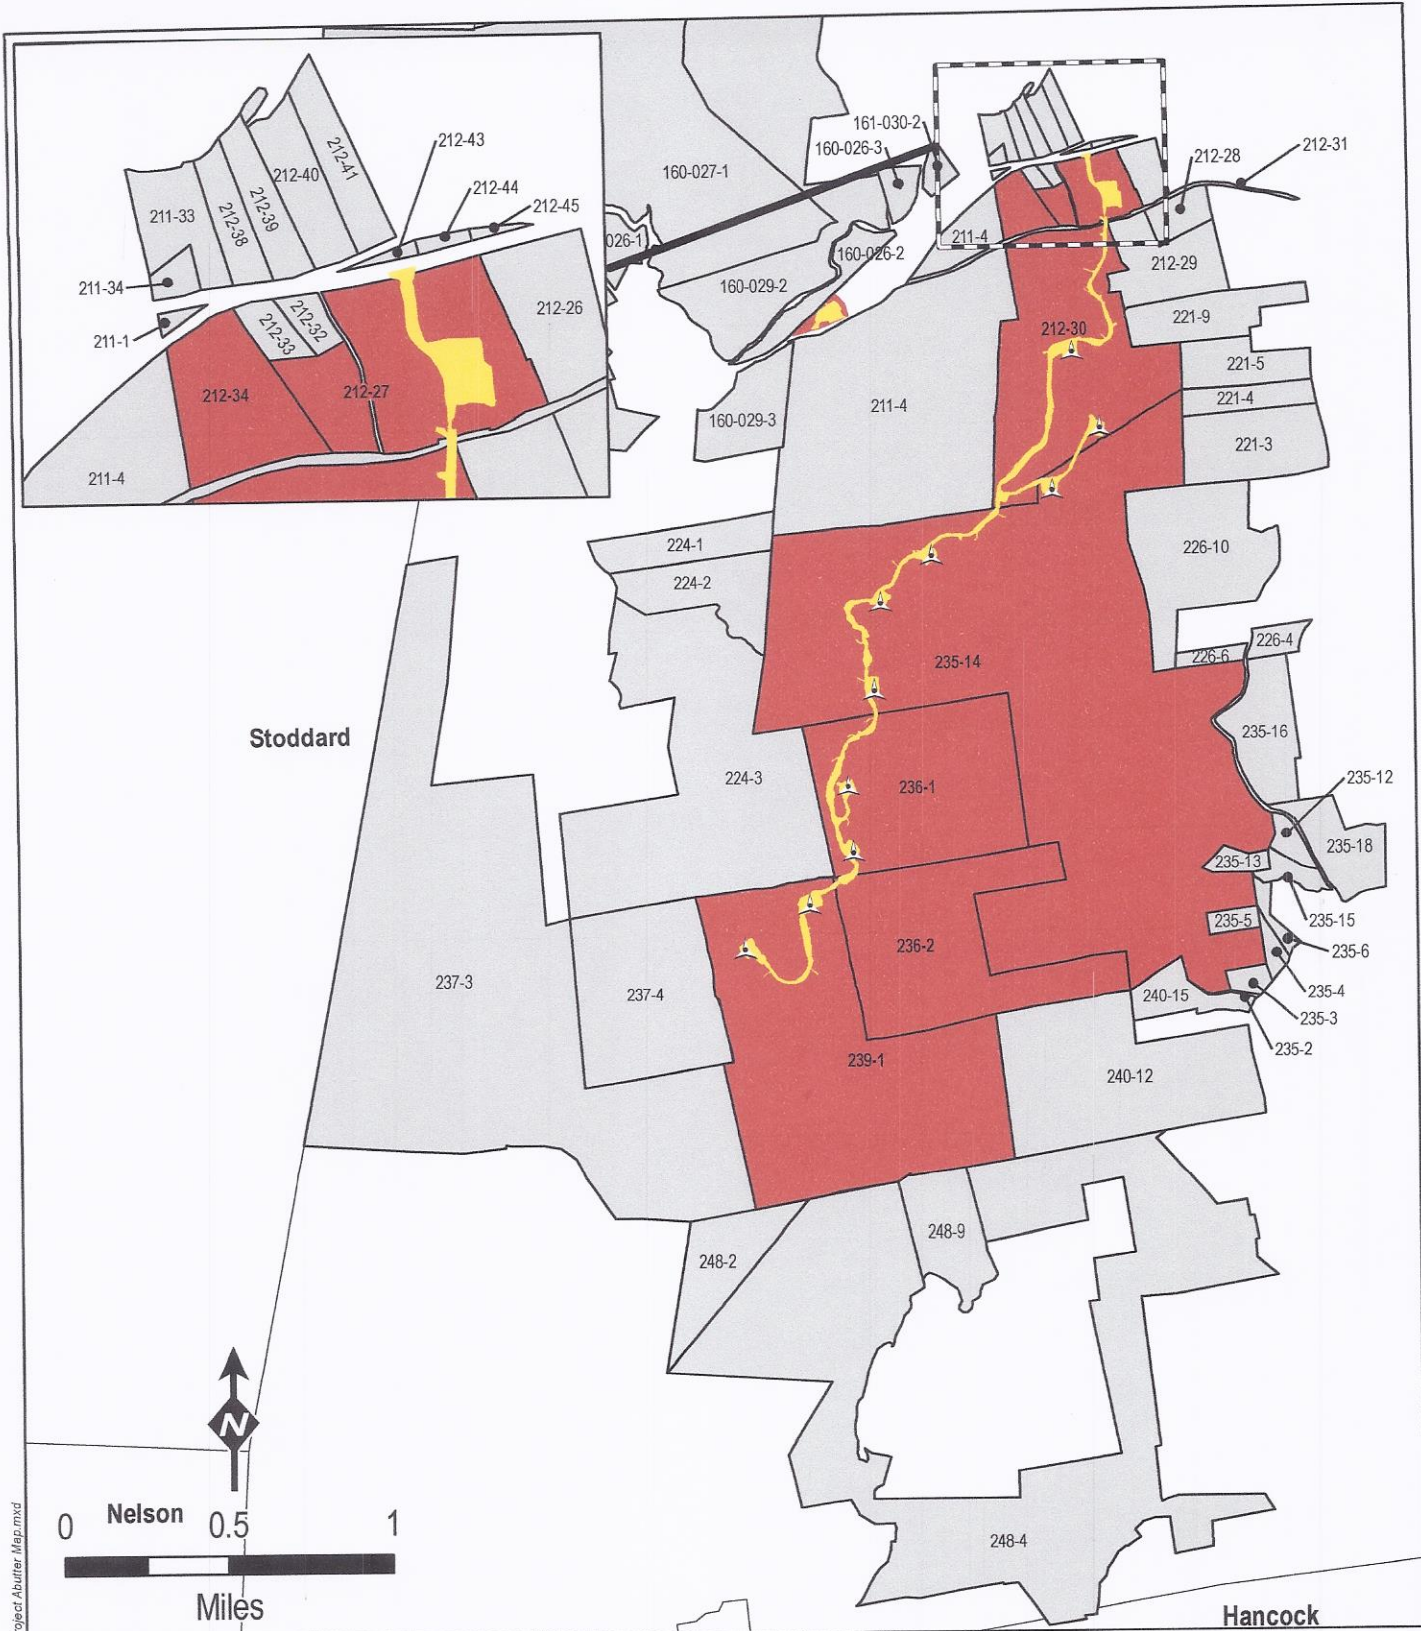

Looking at the attached map, provided by AWE (attached AWE Project Abutter Map), I am parcel 226-10. When measuring the distances, it appears as if my back property line is about 1000 feet from turbine #3 and my side property line is 990 feet from turbine #2. This close proximity could impact my ability to utilize my land to the fullest; I have safety concerns regarding the turbines flinging ice and debris on my property. This is too close; it could impact my relatives and friends exploring the property and the woods. It appears as if you are using my private property as a safety buffer. The turbines should be moved at least 400 feet away if this project is approved.

I urge the SEC to deny this project and uphold Antrim's zoning ordinances designating this area as the Rural Conservation District where this is not an allowable usage.

Respectfully Submitted
This 23rd day of May.
