**Re: SEC Docket No. 2015-04: Public Service Company of New Hampshire d/b/a  
Eversource Energy for a New 115k Transmission Line from Madbury Substation to  
Portsmouth Substation**

Dear Ms. Monroe:

Enclosed for filing in the above-referenced docket, the Applicant submits the following documents that were discussed at the June 7, 2017 technical session:

- Revised Modeling Sediment Dispersion from Cable Burial for Seacoast Reliability Project, Upper Little Bay, New Hampshire, June 2017
- Supplement to Characterization of Sediment Quality Along Little Bay Crossing, June 2017

As agreed to by the Applicant, and as prescribed in the Presiding Officer's Revised Procedural Schedule dated June 20, 2017, the Applicant will make Sarah Allen and Ann Pembroke from Normandeau Associates available for an additional technical session on July 11, 2017 to answer questions only on the two specific documents listed above, which relate to the updated RPS ASA modeling report.

Also, to respond further to the New Hampshire Department of Environmental Services (NHDES) progress report and draft permit conditions dated November 10, 2016, and in response to other specific requests from the agency, the Applicant submits for filing a copy of the following documents:

- Eversource Existing Cable Removal Plan
- Revised Environmental Monitoring Plan for Little Bay, June 2017
- Salt Marsh Protection and Restoration Plan, June 2017

Page 2

- Applicant's Responses to Comments from Counsel to the Public to NH DES dated March 15, 2017 and Responses to Comments from the Town of Durham to NH DES dated February 28, 2017
- Soil and Groundwater Management Plan, June 2017
- Best Management Practices and Construction Plan for Protected Wildlife and Plants, June 2017

These six documents are provided simply to respond to follow-up requests from NH DES and will not be the subject of further questioning at the July 11 technical session.

The Applicant is submitting one paper copy of each of these documents to the SEC. Due to the size of the documents, the Applicant is also providing the filing on a thumb drive to the SEC for posting to the Committee's website.

The Applicant has submitted two copies of all of the above-referenced documents to NH DES and the Applicant will provide an electronic copy of these documents to all of the parties on the SEC Distribution List.

Please contact me directly should you have any questions.

Very truly yours,

Adam M. Dumville
