Concord, NH 03301-2429

**Re: New Hampshire Site Evaluation Committee – Docket No. 2015-04
Application of Public Service Company of New Hampshire d/b/a Eversource Energy
("Eversource") for a Certificate of Site and Facility for the Construction of a New
115 kV Transmission Line from Madbury Substation to Portsmouth Substation**

Dear Ms. Monroe:

On April 12, 2016, along with its Application for a Certificate of Site and Facility and pursuant to RSA 162-H:8-a, the Applicant submitted a check to the NH SEC for the application filing fee in the amount of \$88,700. To clarify, this amount reflects the \$50,000 base fee for an electric transmission facility required under RSA 162-H:8-a(II)(b) and \$38,700 for the approximate 12.9 miles of the electric transmission facility required under RSA 162-H:8-a(II)(b)(1).

Also, for clarification, the Applicants submitted checks in the amount of \$8,250 to the New Hampshire Department of Environmental Services ("NHDES") for the Alteration of Terrain Permit Application and \$128,671.60 to NHDES for the Wetlands Permit Application. Attached is a stamped notice of receipt from the NHDES and an e-mail from NHDES confirming receipt of the checks. The NHSEC application for a Certificate of Site and Facility only included copies of these checks.

Very truly yours,

Adam M. Dumville

Good afternoon, Sarah.

I received the applications yesterday (4/12/16) for the Seacoast Reliability Project, accompanied by checks from PSNH/Eversource in the amounts of \$8,250 and \$128,671.60. If you prefer to deliver them to Pam Monroe, please let me know. I have them locked up at NHDES overnight. Thanks.

Tim

Subject: proof of receipt

Tim,

Thanks for receiving the Seacoast Reliability Project permit applications. We were supposed to have delivered the checks to Pam Munroe with the SEC filing, rather than to DES. Would you please provide an email stating that you received the documents and the checks were enclosed that we can forward to Pam?

Thanks very much,
Sarah
