Re: Addendum
Eversource Seacoast; NH Site Evaluation Committee Docket No. 2015-04 (DHR RPR # 6528)

Dear Ms. Monroe:

After careful review, it was determined that the properties listed in Newington and noted on our November 10, 2016 letter was incorrect. We have removed one property from the list (Benjamin Hoyt House at 97 Nimble Hill Road). This property was reassessed and it was determined that its setting, viewshed, or landscape no longer contributes to the significance of the property and will therefore not be affected visually by the Seacoast Reliability Project. The Alfred Pickering Farm at 339 Little Bay Road was originally left off of the list but must be evaluated. The following properties in Newington will be assessed as part of the Effects Assessment phase of the project:

Newington:
Newington Center Historic District (including the Frink Farm)
Alfred Pickering Farm (339 Little Bay Road)
Pickering-Rowe House (50 Old Post Road)
Adams Homestead (148 Nimble Hill Road)

Thank you for the opportunity to correct the error found in our November 10, 2016 correspondence.

Sincerely,

Nadine Miller
Preservation Project Reviewer
