Pamela G. Monroe, Administrator  
N.H. Site Evaluation Committee  
21 South Fruit Street, Suite 10  
Concord, New Hampshire 03301-2429

**Re: SEC Docket No. 2015-04 – Application of Public Service Company of New Hampshire d/b/a Eversource Energy for a Certificate of Site and Facility for the Construction of a New 115 kV Transmission Line from Madbury Substation to Portsmouth Substation (Seacoast Reliability Project)**

Dear Ms. Monroe,

Pursuant to the Presiding Officer's June 4, 2018 Order and Notice of Additional Site Visit, Counsel for the Public submits the enclosed Partially Agreed-to Proposed Schedule and Itinerary for the site visit scheduled on June 26, 2018. Counsel for the Public solicited input from the parties and developed the proposed schedule and itinerary after consideration of comments received from the parties.

The proposed itinerary includes entry onto private property in two locations: parking in Mr. Frizzell's driveway off of Fox Point Road in Newington, and entry onto the Beswick property on Gundalow Landing in Newington to view the landing point of the undersea cable across Little Bay. Mr. Frizzell has provided his permission for access to his driveway and property for the site visit. The Applicant is working with the Beswicks to obtain permission to access their property as part of the site visit and will provide an update to the Subcommittee in advance of the site visit.

The following parties have indicated their agreement with the proposed schedule and itinerary:

The Applicant;  
The Town of Durham/UNH;  
The Town of Newington;  
The Conservation Law Foundation;  
Helen Frink; and  
Donna Heald

Letter to Pamela Monroe, Administrator  
June 14, 2018  
Page 2

The Durham Historic Association raised no objection to the proposed schedule and itinerary, but requested the addition of a stop at the ROW crossing of Longmarsh Road, as it “is in the Durham Point Historic District, it passes the Coffin cellar, Team Hill, Mathes Quarry, and Donna Heald’s property.” No response was received from the remaining intervenors.

Please let me know if you have any questions about the proposed site visit schedule and itinerary, or if you require any additional information.

Sincerely,

Christopher G. Aslin  
Senior Assistant Attorney General  
Environmental Protection Bureau
