THE STATE OF NEW HAMPSHIRE
SITE EVALUATION COMMITTEE

Docket No. 2015-04

Application of Public Service Company of New Hampshire d/b/a Eversource energy for a
Certificate of Site and Facility for
Construction of New 115 kV Transmission Line (Madbury to Portsmouth)

**LATE PETITION TO INTERVENE OF
KEITH FRIZZELL**

Keith Frizzell ("Frizzell"), pursuant to RSA 541-A:32 and N.H. Administrative Rules Site 202.11, respectfully petitions for leave to intervene in the above-captioned proceeding before the New Hampshire Site Evaluation Committee ("SEC"). In support of this petition, Frizzell states as follows:

1. On April 12, 2015 Public Service Company of New Hampshire d/b/a Eversource Energy submitted an application for a certificate of site and facility for the proposed construction of a new 115kV transmission line from Madbury substation to Portsmouth substation. The SEC accepted the application by order dated June 13, 2016.
2. Frizzell owns property located at 24 Fox Point Lane, Newington, New Hampshire.
3. His property is crossed at two locations by the power line easement that is the subject of this matter.
4. Frizzell has participated with the Town of Newington and Eversource in order to understand the negative effects on his property.
5. Because the negative effects on his property are extraordinary with two easement corridors, and a view of poles located on other property in Newington, Frizzell seeks full intervenor status.

4. The New Hampshire Administrative Procedure Act provides that an administrative agency shall grant intervention when:

(a) The petition is submitted in writing to the presiding officer, with copies mailed to all parties named in the presiding officer's notice of the hearing, at least 3 days before the hearing;

(b) The petition states facts demonstrating that the petitioner's rights, duties, immunities or other substantial interests may be affected by the proceeding or that the petitioner qualifies as an intervener under any provision of the law; and

(c) The presiding officer determines that the interests of justice and the orderly and prompt conduct of the proceedings would not be impaired by allowing the intervention.

See RSA 541-A:32, I.

The statute also permits the Presiding Officer to allow intervention, "at any time upon determining that such intervention would be in the interests of justice and would not impair the orderly and prompt conduct of the proceedings." RSA 541 A:32, II. The Committee's rules contain similar provisions. See N.H. CODE OF ADMIN. RULES, Site 202.11 (b)-(c).

Order on Nick Smith Late Petition to Intervene.

5. Frizzell has a substantial interest in this proceeding, including but not limited to the impacts of the proposed project within the Eversource easement and adjacent to the Eversource easement, as he will be directly affected by its outcome. His participation will be in the interests of justice and will aid the SEC's decision-making.

6. Frizzell seeks full intervenor status. Frizzell's participation will neither delay nor disrupt the current proceedings. The procedural schedule in this matter was stayed by the 15 February, 2017 Order.

7. Counsel for Frizzell has contacted Applicant's counsel and sought consent to this motion. Applicant's counsel did not consent.

Therefore, Frizzell respectfully requests that the Site Evaluation Committee grant his late petition to intervene in Docket No. 2015-04.

Respectfully submitted,

Keith Frizzell
