**Re: SEC Docket No. 2015-04: Public Service Company of New Hampshire d/b/a Eversource Energy for a New 115 kV Transmission Line from Madbury Substation to Portsmouth Substation – Applicant’s Proposed Revised Procedural Scheduling Order following the Amendment to the Application submitted to the SEC on March 29, 2017**

Dear Ms. Monroe:

Pursuant to the Committee’s Order on Motion to Stay Procedural Schedule dated February 15, 2017, enclosed for filing in the above-captioned docket, please find the Applicant’s Proposed Revised Procedural Scheduling Order following the Amendment to the Application submitted to the SEC on March 29, 2017.

The Applicant has made a good faith effort to consult with the other parties regarding the proposed schedule. Counsel for the Public, the Town of Durham and UNH, and the Conservation Law Foundation find the schedule acceptable. The Town of Newington stated that it was “unable to comment at this point.” The remaining parties did not provide the Applicant with comments.

Please contact me directly should you have any questions.

Sincerely,

Barry Needleman
