Merrimack Valley Reliability Project  
SEC Docket # 2015-05

**GENERAL MOTION OBJECTING**  
**TO**  
**CONTINUED**  
**UNDULY OPPRESSIVE AND UNCONSTITUTIONAL**  
**TREATMENT**

On this 13th day of May, 2016, I Margaret Huard, object to the continued unduly oppressive and unconstitutional treatment by the New Hampshire Site Evaluation Committee and Ann Ross, chairman and presiding officer of the New Hampshire Site Evaluation Committee. The powers of the New Hampshire Site Evaluation Committee and its officer, Ms. Ross are clearly **limited** and **defined** by NH RSA 162-H and the administrative rules of the New Hampshire Site Evaluation Committee.

- The New Hampshire Site Evaluation Committee was established by legislature. Its power is **limited** and **clearly defined** by NH RSA 162-H.
- The New Hampshire Site Evaluation Committee was created to regulate the energy facilities/applicant, not oppress the citizens affected by them.
- The New Hampshire Site Evaluation Committee has set forth administrative rules 100-300 that **clearly defines** the powers and duties of the site evaluation committee and its officer.
- Article 19 of the Bill of Rights of the New Hampshire Constitution promises redress from all unreasonable searches and seizures of ones person, house, papers and possessions.

- Amendment 4 of the United States Constitution promises the right to be secure in ones person, house, papers and effects against unreasonable searches and seizures.
- These are basic, fundamental, inherent rights automatically afforded to **all** citizens not merely criminals.
- There appears to be no legal basis allowing the New Hampshire Site Evaluation Committee, or its officer, Ms. Ross the legal authority to order a citizen to relinquish these most fundamental, inherent constitutional rights.

Respectfully
