collis.adams@des.nh.gov)

Pamela Monroe (Site Evaluation Committee) (pamela.monroe@sec.nh.gov)

Re: Northern Pass Project

Dear Ms. Mattfeld, Mr. Adams and Ms. Monroe:

The Dalton Conservation Commission is sending this correspondence to both the NH Wetlands Bureau and the Site Evaluation Committee concerning the wetlands permit application from **Northern Pass Transmission, LLC**, dated October 2015. We are not aware of an assigned file number for this project.

We wish to inform DES that we intend to comment on the permit application. The document(s) were received by the Dalton Town Clerk on October 19. To say the least, they are voluminous with many folds to review. We are requesting the 40 day administrative hold in which to submit our comments along with the allowed time (105 days?) to submit comments to SEC.

Please let us know you have received this email and please inform us if we are not following the correct process and /or contacts.

Respectfully,

Nancy Comeau, Vice Chairman
Dalton Conservation Committee
