Re: Joint application of Northern Pass Transmission, LLC and Public Service Company of New Hampshire d/b/d Eversource Energy for a Certificate of Site and Facility, NH Site Evaluation Committee **Docket No. 2015-06**

Dear Ms. Monroe:

This letter is in response to your request dated October 26, 2015 regarding the **SEC Docket No. 2015-06** application.

The Natural Heritage Bureau reviews impacts to rare, threatened and endangered plants and exemplary natural communities (RSA 217-A) and works with the Department of Fish & Game to maintain a database of rare, threatened and endangered wildlife species.

Pursuant to RSA 162-H:7, IV, the Natural Heritage Bureau conducted a preliminary review of the application and determined that it contains sufficient information for our agency to review and consider issuance of conditions regarding rare, threatened and endangered plants and exemplary natural communities.

Please contact me if you have any questions.

Sincerely,

A handwritten signature in blue ink that reads "Sabrina Stanwood".

Sabrina Stanwood, Administrator
NH Natural Heritage Bureau
