Subject: Intervention status

Dear Ms. Monroe, the NHSEC has rejected my petition to intervene in NHSEC Docket No. 2015-06 Northern Pass on the basis that I am not an abutter. The information used by the applicant is not accurate. My driveway and right to pass is not as submitted by the applicant, as owned by the Town of Easton. The Town of Easton will verify this if requested. See attachment. The driveway to/from my home is Hummingbird Lane; ending at the S/NH right of way, NH112, approximately fifteen (15) feet from the HVDC buried line. I respectfully request that the decision be reviewed by the committee or subcommittee per site 202.11 (f). Thank you kindly. James H. Page Jr.

Hummingbird Lane

Subject: Hummingbird Lane

Hello Mr. Paige.

In response to your question about Hummingbird Lane, I have confirmed through the Town's listing of roads that Hummingbird Lane is in fact a private road, not maintained by the town.

Bob Thibault
