**Re: New Hampshire Site Evaluation Committee Docket No. 2015-06
Joint Application of Northern Pass Transmission LLC and Public Service
Company of New Hampshire d/b/a Eversource Energy for a Certificate of
Site and Facility for Construction of a New High Voltage Transmission Line
in New Hampshire – Station Abutter Maps**

Dear Ms. Monroe:

Pursuant to the Site Evaluation Subcommittee's *Order on Applicant's Request for Partial Waivers Under the Newly Adopted SEC Rules* of June 23, 2016, enclosed for filing in the above referenced docket on behalf of the Applicants please find ten flash drives that each contain maps identifying residences, industrial buildings and other structures and improvements located on properties abutting the substations that will be upgraded and the transition stations and converter station that will be constructed. The maps will also be uploaded to the Sharefile site created for NPT data requests, under a new folder called Station Abutter Maps.

Please let me know if you have any questions.

Very truly yours,

George Dana Bisbee

Enclosure
