Good Afternoon Pam,

I would like to at this time to withdraw my prefiled testimony concerning Docket #2015-06 Northern Pass that I submitted late.

I will be submitting new testimony concerning the project by the December 31st deadline. I have checked with the rest of Municipal Group 1 and we have decided that would be better than filing late.

Part of the reason is for medical issues that I am dealing with at this time.

Thank you.

Rick Samson

Spokesperson, Municipal Group 1
