Eversource Energy Docket No. 2015-06 (RPR 1448)

Dear Mark:

Thank you for your letter response dated March 13, 2017 that outlines additional activities Eversource has undertaken as part of cultural resource studies for the Northern Pass Transmission Project. The New Hampshire Division of Historical Resources (DHR) is in agreement with your assessment. Since March 13, 2017, the DHR has reviewed additional Inventory forms as outlined in your correspondence. In addition, we understand that significant work has been completed in order to move the cultural landscape studies forward including consultation with Consulting Parties to identify potential new areas of study. We look forward to reviewing these studies when they become available.

Sincerely,

Nadine Miller
