**Re: Site Evaluation Committee Docket No. 2015-06
Joint Application of Northern Pass Transmission LLC and Public Service Company
of New Hampshire d/b/a Eversource Energy (the "Applicants") for a Certificate of
Site and Facility
Group I North Motion to Clarify Showing of Video**

Dear Ms. Monroe:

For filing in the above-captioned docket, please find a response in lieu of an objection to Mr. Thompson's August 11, 2017 Motion to Clarify the Showing of the Intervenors' Group Video. The Applicants notified Mr. Thompson that there was some disagreement about certain representations made in the motion. He agreed to send out a clarification that he since circulated in the form of an amended motion, which has been further amended. The Applicants believe that the further amended motion captures the Applicants' positions for the most part. Accordingly, the Applicants will work informally with Mr. Thompson regarding the logistics for the appearance of the individuals that appear on the video. In addition, the Applicants will file an objection to the amended motion filed today as it relates to the actual showing of the video at the hearings.

Please contact me directly should you have any questions.

Sincerely,

Thomas B. Getz
