RE: New Site Evaluation Committee
Docket No. 2015-06

Dear Ms. Monroe:

We, Russell and Lydia Cumbee, respectfully request to intervene in the captioned docket.

We own a property at 1719 Easton Road, Franconia, NH. Our property abuts the proposed Northern Pass HVDC transmission line burial under NH Route 116.

The proposed burial route will diminish the value of our property and damage vegetation on the property. We are also concerned about effect of the buried cable on our well, which is positioned close to the road.

We, therefore, request that we be granted the right to intervene in this docket.

Respectfully,
