Dear Ms. Monroe:

In accordance with statute RSA 541-A:32, we would like to have intervenor status because if the Northern Pass is above ground it will interfere with our view.

We purchased this property for the view and to construct a house and paid accordingly. Our property would be considerably devalued by the new taller proposed power lines. We feel that since there is an alternative it is not fair to us and so many others in our circumstance to have the power lines above ground.

Sincerely,

Lawrence Phillips
