## Re: New Hampshire Site Evaluation Committee Docket No. 2015-06: Joint Application of Northern Pass

## Transmission LLC and Public Service Company of New Hampshire d/b/a Eversource Energy for a Certificate of Site and Facility.

Dear Ms. Monroe,
As full party intervener in the above-mentioned matter, the Pemigewasset River Local Advisory Committee supports the motion of the Society for the Protection of New Hampshire Forests to Suspend the Time Frame for Public Interest. We
concur in respect to the motion submitted to the SEC at the Prehearing Conference in Concord on March 22, 2016 and to SPNHF's April 5, 2016 filing with the SEC.

The Pemigewasset River Local Advisory Committee (PRLAC) is an all-volunteer group committed to protecting the river's
Class B status and all the valued characteristics identified in its RSA 483 "designation". Volunteers work with time available. Because of weather we have not been able to access Northern Pass right-of-way (ROW) sites to note concern
areas. We share information with the multiple towns in our jurisdiction which further complicates the work schedule.

We respectfully call upon the SEC to give due consideration to the complexities and size of this project and approve the procedural schedule as outlined by the Society for the Protection of NH Forest. We sincerely believe that in the long term the extended schedule will save time.

Thank you for your consideration. Copies of this letter have been forward to all parties on the distribution list.

Max Stamp, PRLAC Chairman 744-8223 hmstamp@metrocast.net
