Dear Ms. Monroe,

Mr. Peter Powell and I, along with “Realtors Opposed to Northern Pass,” were denied intervenor status at the recent SEC meeting in Lincoln. At the same time, a group of private interests, all in favor of the project being approved, including Cate Capital, the Balsams project, the IBEW, Coos County Business Employment Group, North Country Chamber of Commerce and Wagner Forest were all granted this coveted intervenor status.

Mr. Powell and I find it unconscionable that the issues surrounding wholesale damage to property values and the inability right now, due to the threat of the Northern Pass being built on or near residents' properties, to successfully market those properties, is a pressing and widespread issue that deserves to have intervenor status.

I cannot help but feel that the SEC's hopefully accidental failure to provide property owners along the NP route, a platform through our group for voicing peoples' objections to the overwhelming losses in property values those owners are suffering, is grossly unfair. Furthermore it indicates there may be a serious bias in the SEC's approach to the issues at hand involving Northern Pass.

Mr. Powell and I, along with other Realtors who are considering becoming members of our organization, wish to appeal the SEC's denial of intervenor status for our group and I would like this letter to be considered as a formal request by “Realtors Opposed to Northern Pass” to be given the status requested herein. I understand I need to copy all the parties who are on your list to receive cc's. I no longer have that list available to me. Will you please provide me with the information I need to send out cc's of this letter to the appropriate parties.

Thank you for your attention to this matter,

Sincerely,

Tom Mullen
