NOTICE OF CROSS EXAMINATION (ROUND 2)

The Ashland to Deerfield Nonabutting Property Owners submit the following list notifying the Subcommittee of the Site Evaluation Committee their notice of cross-examination for Round 2 in accordance with the Order dated September 12, 2017. By submitting this list, the Group does not waive any procedural due process arguments, the right to seek a rehearing and/or to otherwise seek review of the Order in accordance with the law. This submission does not consider those witnesses sponsored by the institutional intervenors and addressed in our submission earlier filed in accordance with the September 12 Order, or with the witnesses called by the Counsel for the Public.

The Ashland to Deerfield Nonabutting Property Owners further do not waive the right to add and/or remove the areas of questions referenced in the foregoing list to the extent there are developments in the record as of the date of the filing of this notice and/or it is determined during preparation or the examination of witnesses that additional areas of questions are necessary to a full and true disclosure of the facts.

All of the anticipated examination will assist the Committee in obtaining a full and true disclosure of the facts, whether because it will provide an opportunity to further examine and/or clarify information provided in intervenor pre-filed testimony; will respond to relevant issues that were raised by applicants and counsel for the public in their supplemental pre-filed testimony; will

address information about the proposed project that has been submitted since the filing of the pre-filed and supplemental testimony; or will respond to relevant facts and exhibits introduced during trial during cross-examinations and redirect examinations.
