

**STATE OF NEW HAMPSHIRE  
SITE EVALUATION COMMITTEE**

Docket No. 2015-06

Joint Application of Northern Pass Transmission, LLC  
and Public Service Company of New Hampshire  
d/b/a Eversource Energy  
for a Certificate of Site and Facility

**PEMIGEWASSET LOCAL RIVER ADVISORY COMMITTEE**  
**NOTICE OF CROSS-EXAMINATION**

October 13, 2017

In response to the Site Evaluation Committee Order dated September 12, 2017, the three-member panel of the Pemigewasset River Local Advisory Committee (PRLAC), intervenors in the above-mentioned docket, submits its second list of non-adverse witnesses and scope of cross-examination.

PRLAC continues to be well aware of the issues raised by the Applicant and the SEC regarding "friendly" cross-examination. It has been our intention throughout discovery, technical sessions and the adjudicatory hearings to elicit information and evidence relevant to the "full and true disclosure" of facts necessary to determine the fate of this application. PRLAC believes both adverse and non-adverse witnesses have equally valuable testimony to contribute.

As always, PRLAC will be cognizant of redundant and/or repetitious examination and avoid such instances.

In submitting this list of witnesses, PRLAC maintains its right of due process in these hearings. We retain the right to add and/or remove inquiry referenced in this list should there be developments in the record after the date of filing this notice. We retain the right to extend questioning should it become apparent that a more complete and true disclosure of facts could be reached in cross-examination.

**WITNESS PANELS - Non-Adverse:  
Clarksville and Stewartstown ---Abutting and Non-Abutting**

**Panel for Video**  
Questions for the Panel

**AREA OF QUESTIONS/ OFFER OF PROOF:**  
Public Interest, Orderly Development, Environmental Impacts
