Subject: STOP NORTHERN PASS

Last night I went to the Red River Theatre, in Concord, NH, and saw the documentary about the Northern "Tres"Pass!!! I am so very, very upset. I am begging you to please do not let this happen to beautiful NH. Not only for the beauty of NH but the illnesses that these power lines will cause. I will continue to contact all of you occassionally. I am on a mission to tell anyone and everyone who will listen to contact you. This cannot happen.....
