Subject: Northern Pass Project

Dear Mr. Drew,

I am writing in regard to the Northern Pass Project. I live in East Concord and am very concerned about the proposed towers and how it will affect the value of my home and the natural beauty of Concord and surrounding towns. If the towers go in, I would be able to see the unsightly towers from the front of my house. I truly believe that the transmissions lines should be buried in its 8-mile path through Concord. I appreciate all that you could do to help fight the putting up of towers and fighting to have the transmission lines buried underground.

I thank you in advance for your attention to this extremely important matter.

Sincerely,

Marie A. Rieger

5 Irving Drive

Concord, NH 03301
