NH Site Evaluation Committee  
Attn: Pamela Moore  
21 South Fruit St. Suite 10  
Concord, NH 03301

Dear Ms. Moore and Committee Members:

I understand that Northern Pass has filed their application for approval to proceed with their plans to construct electrical power lines through the state of New Hampshire. As a native of New Hampshire (my ancestors first settled here in the early 1880's), a long time Appalachian Mountain Club member, teacher and artist, I do not want to see the natural beauty and wildlife of our state threatened by this project.

New Hampshire does not need a 186 mile transmission line passing through our most pristine land and impacting more than 100,000 acres. I urge you to reject the application and stand firm on the side of preserving our aesthetic beauty, conserving our forests, supporting local and clean energy sources and representing the wishes of the majority of New Hampshire citizens.

Please say "No" to the Northern Pass Project. Thank you!

*Donna Baker-Hartwell*
