Subject: No PASS!

Hello, my name is Lana Jarvis. I grew up in Groveton and Stratford, NH. The woods and landscape mean so much to me, it seems like Heaven there. Over 500 of my relatives still live there. Keep the land the way it is.

Please DO NOT allow Northern Pass Co. to build/erect OR BURY power lines in swaths of clearing in our woods. Please vote to bury the lines along the roadsides instead. It's the only LOGICAL solution. I agree wholeheartedly with a petitioner who stated, "Let's not exploit the neighboring states to get power to Southern New England!"
