Subject: Northern Pass

Ms. Monroe,

I'm writing to let you know I'm totally against the Northern Pass. After I reviewed the last proposed transmission site my heart sank even more. How can our politicians allow this pass knowing how it would negatively impact our land and animals. These towers are massive and will be running thru backyards of folks who worked so hard to own a home. We are being taxed out of our homes as it is. This is a atrocity to NH and the people it effects. The amazing thing is, that we don't need a Northern Pass. Why does the government destroy our lands? It's certainly not for the greater good. The root of all evil has always been money which this pass reeks of. As a result we are not living free here anymore. If anything, Vermont made them bury the entire transmission line. As a educated woman it is very clear to me that this Northern Pass is unnecessary and a atrocity to our environment, animals and people. I don't think our government cares about us anymore when we say no as taxpayers to the Northern Pass. I will not give up fighting to stop this Northern Pass. No Northern Pass!!

Respectfully submitted,

Mary Ann Toy
