Subject: RE: Northern Pass

As a New Hampshire resident, in Rockingham County, I would like to put my '2 cents in' in favor of this project. I am writing this email due to the fact that I will not be able to attend the March 16 Hearing in Deerfield, NH.

I feel this project will provide much needed energy to the state. This is a clean source of inexpensive, and renewable hydro power. I am sure the contractors will consider the environment during the power line construction.

As I see it, the benefits far outweigh the 'side-effects'.

Sincerely yours,

Leo P Blais, Sr
Auburn, NH
