*Was first meeting I attended so I am new  
at this.*

*I would rather not have Northern Pass at  
all. But, if it has to happen would agree to  
having the whole thing buried. I am really  
against all those high towers. We are lucky to  
live in such a beautiful state and to place all  
those towers and lines would affect that  
beauty, have an adverse effect on tourism and  
be a safety hazard. If Vermont and Maine can  
solve this problem why can't we.*
