TO: New Hampshire SEC
FROM: Pamela Martin
RE: Northern Pass

Please go to the below web sites and read the articles which prove that the claim by Eversource that NH needs the energy is false:

<http://www.eia.gov/todayinenergy/detail.cfm?id=25352&src=email>

<http://www.utilitydive.com/news/report-us-generators-face-2b-in-lost-revenues-from-rooftop-solar/415799/>

Please go to the below web sites and read the articles which prove the claim by Eversource that industrial hydroelectricity is clean renewable energy:

<http://insideclimatenews.org/news/20090904/hydropowers-dirty-little-secret>

<http://earthjustice.org/blog/2014-december/coming-clean-hydropower-s-dirty-energy-secrets>

Please go to the below web site. If Hydro Quebec is allowed a monopoly in NH, this is what he can expect. Hydro Quebec is a heartless corporation. Once we are caught in their web, they will jack the price up and it will be anything but cheap. This is from a Canadian publication:

<http://earthjustice.org/blog/2014-december/coming-clean-hydropower-s-dirty-energy-secrets>
