

Pamela G. Monroe, Administrator
NH Site Evaluation Committee
21 So. Fruit St, Suite 10
Concord NH 03301-2429

Dear Ms .Monroe,

I request that the Site Evaluation Committee follow the Proposed Procedural Schedule of the Society for the Protection of NH Forests.

I am a property owner & abutter to the proposed Northern Pass project. I attended the March 22, 2016 Pre-conference meeting in Concord.

Given the length of the proposed transmission line, & the proposed Alternative 7 changes, the longer Procedural Schedule would allow citizens, who will be most adversely affected along the 192 miles, to study the amended documents, to research their rights before the SEC review process & to better prepare a defense of our environment and interests in keeping NH beautiful.

Once a hasty decision is made to alter NH's unique environment and property values, all future residents & visitors will have to look at what happened & wonder how such was harm ever allowed. Such an important decision must be most carefully considered for the public good.

Thanks for your careful consideration.

Sincerely,

Mary A. Lee
