Subject: SEC Northern Pass meeting scheduled for this week

Hello Pam,

I am very dismayed that the SEC hastily scheduled a public hearing for this week, based on information that the Northern Pass should have put out to the public long ago, but didn't. I am booked solid and have many other meetings already scheduled. I can't reschedule meetings that conflict with the Thursday, May 19th meeting, which is also a conflict for many here in the Colebrook area.

I am requesting that you please reschedule this meeting according to the request of our Public Council.

Thank you,

Julie Moran
Colebrook, NH
