**Subject:** Fwd: Still Waiting on That Second Hearing...

Please advise when the second hearing is?? Whitefield is a ridiculous place for those of us who live in Concord and work a full time job.

My back yard has all ready been leveled of all plants, trees and ground cover by your people.

As I told the Gov. of NH, we have wetlands in my backyard - and as far as I know that is protected land- correct

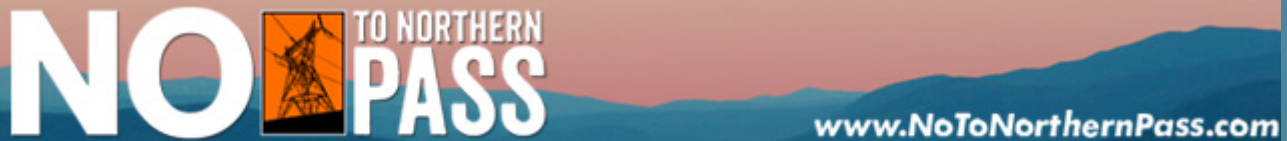

Please let us stand up for our property and neighborhoods

Thank you  
Kelly A. LaFave

Dear Friend,

It's been more than seven weeks since the New Hampshire Site Evaluation Committee held the last of its public hearings on Northern Pass. Many of you came out to voice your opposition to the project, proudly displaying your orange and telling the SEC about the devastating impact the project would have on New Hampshire.

Yielding to mounting pressure for more opportunities for the public to speak, the SEC announced on March 1 that it would schedule two additional public hearings. We waited weeks for the SEC to announce the two hearings. Finally, last week,

the committee set a date - for a single hearing. That's right: one, on **May 19 at 6:00pm at the Mountain View Resort in Whitefield.**

Northern Pass submitted its application to the SEC six months ago, and then three months later it finally gave the SEC the additional information requested on the project, all the while hearings were held on the project prematurely. It is time for the SEC to allow the public ample time to review the application in its entirety.

We need to stop the clock NOW - contact the SEC and tell them to push the [Counsel for the Public's](#) timeline for the SEC proceedings.

Continued vigilance on the state's schedule for review of the project is extremely important, as Northern Pass continues to ignore its negative impacts and drag its feet on addressing residents' concerns. This is a very critical time in our fight against Northern Pass, and the SEC needs to give the public ample time to review the project application. Contact the SEC and tell them to push the Counsel for the Public's timeline for the proceedings!

Send requests to:

New Hampshire Site Evaluation Committee  
Pamela G. Monroe, Administrator  
21 South Fruit Street, Suite 10  
Concord, NH 03301  
Telephone: (603) 271-2435  
Fax: (603) 271-3878  
Email: [Pamela.Monroe@sec.nh.gov](mailto:Pamela.Monroe@sec.nh.gov)

Thank you for continuing to say NO to Northern Pass!
