Subject: Northern Pass Counsel for the Public

Hello Pamela,

I am writing to you to add my name in support for the push for the Counsel for the Public's timeline for the SEC proceedings. There needs to be ample time for the public to comment on the impacts of this project and in addition, there needs to be ample notice to the public for us to attend meetings to voice our opinions, this of which has yet to occur and is evidenced by the fraction of notice for the meeting held on May 19th.

Thank you.

Sincerely,
Scott Gilbert
